Notification No. 251—*B2., dated* 19*th September* 1939.

Circular No. 393—*Bii., dated* 7*th September* 1939.

Regarding the renewal or revival of Treasury Cash Orders.

To

All Treasury Officers.

As per rule (3) of Article 176 (A), M. C. A. C., Vol. I (page 152), a Cash Order which is not encashed within three months from the last day of the month of its issue requires renewal, and revival will be necessary if it is not encashed even within six months from the last day of the month of issue. As the authority competent to renew or revive the Cash Orders was not clear from the rules, a reference was made to Government in the matter and the Financial Secretary to Government has intimated in his letter No. Fl. 1097 G F. 41-39-2, dated the 24—25th August 1939, that the powers regarding renewal and revival may be exercised by the Treasury Officers of the Issuing Treasuries and the Comptroller respectively. Accordingly, all Treasury Officers of the Issuing Treasuries may renew Cash Orders which are presented for encashment more than three months but not more than six months from the last day of the month in which they were issued. Cash Orders presented for encashment after six months from the last day of the month of issue may be sent to this office by the parties themselves through the Treasury of issue for revival and authorising payment after the prescribed revival commission is paid either at the Issuing or the Paying Treasury and a Treasury certificate is got recorded on the back of the Cash Order to the effect that the revival commission has been collected from the party.

2. Commission for renewal or revival of a Cash Order has to be recovered even when the purchaser desires repayment at the Treasury of Issue (*Vide* Correction Slip No. 40, dated 7th July 1936, to Article 181, M. C. A. C., Vol. I).

At present photographs are being sent without any attestation necessitating their return for needful. To avoid the return of the photographs on this account and to minimise delay in the issue of pension payment orders all the concerned officers are requested to invariably attest them before despatch to this office.

OFFICE OF THE REGISTRAR OF CO-OPERATIVE SOCIETIES IN MYSORE, BANGALORE.

Circular No. 9—C. S., dated 30th September 1939.

Subject:—Preventing multiple membership in Co-operative Credit Societies.

The attention to the Managing Committee of Co-operative Credit Societies is invited to Rule 6-C of the Mysore Co-operative Societies Rules and this Office Circular No. 20, dated 23rd May 1938 and 7, dated 11th August 1938 and they are informed that the undersigned feels that all the Societies are not co-operating with the officers of the Department in enforcing the Rule. As the object of the Rule is the prevention of the scope for obtaining credit from various institutions, the Societies in their own interests, have to see to the enforcement of the rule with a view to limiting the credit that may be granted to their members. One of the easiest ways of co-operating with the Officers of the Department in the enforcement of the rule is by refusing the grant of additional credit or accommodation to such of their members as are members of other Credit Societies. It is trusted that the Managing Committees of Societies will respond to this call most heartily and see that the benevolent intentions of Government in framing the said rule are brought into effect.

OFFICE OF THE CHIEF INSPECTOR OF MINES AND EXPLOSIVES IN MYSORE.

Notification No. 552, dated Oorgaum, 18th September 1939.

Instances have come to the notice of this Department where licensees manufacturing explosives, instead of doing so in the places indicated on their licenses do clandestinely manufacture them in their own dwelling houses or sale premises within closed doors during night time. As such places are generally situated on public roads in congested localities and since such a practice is liable to endanger public safety, persons in the know are requested to

guard themselves against eventualities by promptly reporting the names of such licensees to the local Police authorities. This notice is published for general information in view of the approaching Deepavali Festival when the licensees are likely to transgress the conditions of their licenses owing to the demand for firework articles during the season.

Government in their Notification No. D. 2814—Geol. 66-28-25, dated 9th September 1930, have prohibited, within the Mysore State, the manufacture, possession and importation of any explosive consisting of or containing sulphur or sulphuret in admixture with chlorate of potassium or any other chlorate.

Many accidents, caused during the illicit manufacture and handling of a variety of fireworks commonly known as "Pattas" or "Belluli Pattas"—throwdowns or small bombs—consisting of a mixture of potassium chlorate (ಪೊಟಾಸ್ ಉಪ್ಪು) and Arsenic or Antimony Sulphide (ಮೆಣಸಿನ ಹರಿದಳ) or Sulphur (ಗಂಧಕ) have come to the notice of this department resulting in serious and sometimes fatal injuries to the persons manufacturing or handling the mixture, besides doing damage to property.

The mixture constitutes a highly dangerous explosive which is sensitive to friction, force (blows) and even liable to ignite spontaneously.

As this firework composition is mostly used during Deepavali and Shaban festivals, timely warning is hereby given to all persons concerned not to manufacture, possess or sell this dangerous explosive.

Any person manufacturing, possessing or importing such a mixture will be punished according to Law.

K. DURAISWAMIER,
Chief Inspector of Mines and Explosives in Mysore.

Draft Circular in connection with the Refund.

It is observed that members of the public are remitting money to the treasury towards the cost of books, without ascertaining whether the books are available in the Book Depot and finding out the exact cost of the book with the result that the money paid by them has had to be refunded to them and unncessary work has devolved on the office and the treasuries.

Lists of books (English and Kannada) which are newly printed and are ready for sale in the Book Depot are being published in the Gazette, every month. The lists are also available with all the Government Book Selling Agents and the Government Branch Book Depot Keepers in the State.

The public are therefore requested to refer to the said lists or make enquiries at the Central Book Depot, Bangalore, in the matter, before they remit money to the treasury.

It is also noticed that in some cases applications for refunds have been received in manuscript forms. As refunds are arranged in separate printed forms prescribed, applications for refund may be kindly made only in the prescribed printed forms so as to comply with audit requirements.

Supplement to the General Catalogue of Mysore Government Publications stocked and sold in the Government Central Book Depot, Bangalore.

As per rule (3) of Article 176 (A), M. C. A. C., Vol. I (page 152), a Cash Order which is not encashed within three months from the last day of the month of its issue requires renewal, and revival will be necessary if it is not encashed even within six months from the last day of the month of issue. Accordingly, all Treasury Officers of the Issuing Treasuries may renew Cash Orders which are presented for encashment more than three months but not more than six months from the last day of the month in which they were issued. Cash Orders presented for encashment after six months from the last day of the month of issue may be sent to this office by the parties themselves through the Treasury of issue for revival and authorising payment after the prescribed revival commission is paid either at the Issuing or the Paying Treasury and a Treasury certificate is got recorded on the back of the Cash Order to the effect that the revival commission has been collected from the party.

2. Commission for renewal or revival of a Cash Order has to be recovered even when the purchaser desires repayment at the Treasury of Issue (*Vide* Correction Slip No. 40, dated 7th July 1936, to Article 181, M. C. A. C., Vol. I).

FINANCIAL DEPARTMENT

COMPTROLLER'S OFFICE, BANGALORE.

Circular No. 789—*S. L., dated* 10*th October* 1939.

To

All Treasury Officers,

It is observed that receipts given by holders for drawing interest on the debentures of the Mysore Central Co-operative Land Mortgage Bank are not being affixed with receipt stamps, presumably on the assumption that these interest receipts are also exempt from stamp duty just like those of Government Securities. This impression is wrong. The omission to insist on stamp being affixed to interest receipts is a mistake.

Treasury Officers are requested to insist upon stamps being affixed to Interest Receipts of the debentures of the Mysore Central Co-operative Land Mortgage Bank exceeding Rs. 20 and not to pay the amount in cases in which this condition is not fulfilled.

FINANCIAL DEPARTMENT

COMPTROLLER'S OFFICE, BANGALORE.

Circular No. 789— *S. L., dated* 10*th October* 1939.

To

All Treasury Officers.

It is observed that receipts given by holders for drawing interest on the debentures of the Mysore Central Co-operative Land Mortgage Bank are not being affixed with receipt stamps, presumably on the assumption that these interest receipts are also exempt from stamp duty just like those of Government Securities. This impression is wrong. The omission to insist on stamp being affixed to interest receipts is a mistake.

Treasury Officers are requested to insist upon stamps being affixed to Interest Receipts of the debentures of the Mysore Central Co-operative Land Mortgage Bank exceeding Rs. 20 and not to pay the amount in cases in which this condition is not fulfilled.

Comptroller.

Draft Circular in connection with the Refund.

It is observed that members of the public are remitting money to the treasury towards the cost of books, without ascertaining whether the books are available in the Book Depot and finding out the exact cost of the book with the result that the money paid by them has had to be refunded to them and unncessary work has devolved on the office and the treasuries.

Lists of books (English and Kannada) which are newly printed and are ready for sale in the Book Depot are being published in the Gazette, every month. The lists are also available with all the Government Book Selling Agents and the Government Branch Book Depot Keepers in the State.

The public are therefore requested to refer to the said lists or make enquiries at the Central Book Depot, Bangalore, in the matter, before they remit money to the treasury.

It is also noticed that in some cases applications for refunds have been received in manuscript forms. As refunds are arranged in separate printed forms prescribed, applications for refund may be kindly made only in the prescribed printed forms so as to comply with audit requirements.

Circular No. 789— *S. L., dated* 10*th October* 1939.

To

All Treasury Officers.

It is observed that receipts given by holders for drawing interest on the debentures of the Mysore Central Co-operative Land Mortgage Bank are not being affixed with receipt stamps, presumably on the assumption that these interest receipts are also exempt from stamp duty just like those of Government Securities. This impression is wrong. The omission to insist on stamp being affixed to interest receipts is a mistake.

Treasury Officers are requested to insist upon stamps being affixed to Interest Receipts of the debentures of the Mysore Central Co-operative Land Mortgage Bank exceeding Rs. 20 and not to pay the amount in cases in which this condition is not fulfilled.

Notification dated 6th November 1939.

Draft Circular in connection with the Refund.

It is observed that members of the public are remitting money to the treasury towards the cost of books, without ascertaining whether the books are available in the Book Depot and finding out the exact cost of the book with the result that the money paid by them has had to be refunded to them and unnecessary work has devolved on the office and the treasuries.

Lists of books (English and Kannada) which are newly printed and are ready for sale in the Book Depot are being published in the Gazette, every month. The lists are also available with all the Government Book Selling Agents and the Government Branch Book Depot Keepers in the State.

The public are therefore requested to refer to the said lists or make enquiries at the Central Book Depot, Bangalore, in the matter, before they remit money to the treasury.

It is also noticed that in some cases applications for refunds have been received in manuscript forms. As refunds are arranged in separate printed forms prescribed, applications for refund may be kindly made only in the prescribed printed forms so as to comply with audit requirements.

Notification dated 25th November 1939.

The public are hereby informed that the Government Central Book Depot, Bangalore, will be closed for all transactions with the public for three weeks from 2nd January 1940 on account of "The Annual Stock Checking in the Depot."

Notification dated 30th June 1939.

The following draft Rules and Bye-laws framed by the Shikarpur Town Municipality under Sections 46 (b) and 48 (i) of the Town Municipal Act, VIII of 1933, are published for the information of the public. Any resident within the area of the Municipality of Shikarpur, who has any objection or suggestion with respect to the draft bye-laws should communicate to the President, Shikarpur Town Municipality, within thirty days from the date of this notification, after which date no objection or suggestion will be entertained.

Draft Bye-laws and Rules regarding the Water Supply to the Shikarpur Town.

No person shall—

(*a*) remove, break, injure or open any cork, valve, pipe-work or engine or motor belonging to, or under the control of, the Municipality in connection with the water-supply; or

(*b*) flush or draw off any water in or derived from any such water-work or do any act whereby the water in any pipe or water-work is likely to be washed or contaminated; or

(*c*) obstruct, divert or in any way injure or alter any water-main, sub-main or duct.

2. The water supplied by the Municipal Council is intended primarily for domestic purpose, and therefore, water from a public standpost or tap shall not be taken for garden, irrigation, building purposes or for other non-domestic purposes. In the latter case, the previous sanction of the President or Vice-President should be obtained in writing on such payment and under such conditions as may be settled by the Municipal Council, provided that the use of water from the public taps for non-domestic purposes mentioned therein shall not be permitted unless there is sufficient supply of water at the tank or source.

("Domestic Purposes" means water used purely for the purpose of bathing, cooking, washing clothes and utensils.)

3. No person shall bathe or wash any animal, vehicle, clothes or utensils at any public standpost or taps.

4. No person shall do anything to damage or disfigure the standposts or platforms or to obstruct the free flow of water from the platform.

5. No person shall water any animal at any public stand, pipe or cistern, except at the places prescribed by the Municipal Council for the purpose by notice posted thereat.

6. In case of emergency, the President or Vice-President or his authorised agent may, at any time, with previous public notice by beat of tom-tom, stop the supply of water if it appears to be unfit for use by the public.

7. The President or Vice-President or his authorised agent in writing shall have power to stop or reduce the supply in any public-main or sub-main for repairs or renewals by such previous notice as is possible. But when such stoppage is over an extensive area or is due to exigencies which can be foreseen, due notice under the circumstances will be given by general tom-tom.

8. Applications for house connections from the public-mains or sub-mains are to be made in the prescribed form with the necessary plans to the President or Vice-President who is authorised by himself to comply with such requisitions by owners of property who are required to lodge with him or his agent the cost of the attachment as specified below :—

	Rs.	a.	p.
Half inch attachment	1	8	0
Three-fourths inch attachment	2	0	0

After the house connection estimate is sanctioned, the rest of the transaction will be entirely between the owner and plumber and the Municipal Council will not interfere in the matter of settlement of claims, etc., between the owner and consumer.

9. Private house service connections will be limited to houses paying house or shop tax of not less than Rs. 2 a year in localities where a supply can be given without detriment to street service, provided there are facilities to make proper arrangements for draining off the waste water to Municipal drains.

10. The number of taps to be given in any dwelling house will be limited to a maximum of three.

For houses taking half inch connection, a montly fee of Re. 1-0-0 and those taking three-fourths inch connection, Rs. 1-8-0 will be charged.

Non-domestic connections will be charged for all water drawn at one rupee per 1,000 gallons.

11. The Municipal Council, in consultation with the Water Works Department, may give connection to factories, firms and railways or for any other non-domestic purposes if the entire cost of the pipe line is borne by such factory, firm or railway, provided such water connection does not interfere with the normal supply of water required for the Municipal area.

12. For every connection given for non-domestic purposes, such as garden, factories, presses, etc., the responsibility for installing and maintaining the meter will vest in the Municipality.

The word 'garden' does not include the garden in the compound of dwelling houses.

13. For all connections where a water meter is fixed by the Municipality, a charge of four annas per month shall be levied as the rent for the meter, in addition to whatsoever charge that may be due for the water consumed, provided that for periods when the meter is out of order, no rent shall be charged.

14. If the owners or the occupiers of such houses or property vacate or abandon such houses or property, either temporarily, or permanently, the responsibility to communicate this fact in writing to the President or Vice-President shall rest on such owners or occupiers who should signify their intentions not to use the water till they re-occupy the house or property and upon such applications, the President or Vice-President shall arrange to cut off the water connection. In the case of houses or property remaining temporarily vacant for a month or more, meter rate only will be levied and in the case of such temporary vacancy for a portion of a month, no reduction either in water-rate or meter-hire shall be made or refund of amount granted.

15. Service pipes to private properties will, as a rule, be laid by plumbers duly licensed by the Municipal Council on approved plans and specifications under conditions and rules sanctioned by the Municipal Council.

The final connection between the private service pipes and the public water mains shall not be allowed until the work is inspected and passed by the President or Vice-President or his authorised agent.

(a) No alteration or extension of private connections will, as a rule, be allowed without previously obtaining the sanction of the Municipal Council and such works shall be carried out only by licensed plumbers.

(b) Repairs may, however, be carried out by the owners or occupiers of property after giving intimation to the President or Vice-President, in writing, of the nature of repairs to be done, the work being entrusted to the licensed plumbers only.

16. The water-rate and meter-rent or any water charges due under these rules shall be collected or caused to be collected by the President or Vice-President or his authorised agents every month in advance from the owners or occupiers of such property. The owners or occupiers of such houses or property shall be solely responsible for the payments of all charges or rate or rent and all such dues under these rules shall be collected as a Municipal Demand and shall be subject to the same rules as are provided in the Municipal Act of 1933, provided that the bill shall be served or presented to the owners or occupiers liable to such water-rate, meter-rent or other charges. It is necessary that a bill should be sent every month. The Municipal Council may receive payment from the agent or the occupier :—

(a) In order to facilitate the adjustment of accounts between the owner of a house or property and his tenant or occupier, the President or Vice-President shall, when required, in writing, furnish a memorandum showing the consumption and the probable charges on account of water-rate and meter-rent for any broken period of the month since the preparation of the last bill in his office.

17. Every meter shall be read within the 5th of every month and the meter reading will be duly intimated to the owner of the house. The meter reader will leave, with any available person in the house, a slip showing the consumption of water during the preceding month.

In calculating the charges under the clause of metering, the quantity of 500 gallons and below shall not be charged, but when it is over 500 gallons, it shall be charged for as if it were 1,000 gallons.

18. All complaints regarding the accuracy of the reading or the non-receipt of slips referred to in Rule 16 should be made in writing to the President or Vice-President within the 10th of the month concerned, after which no complaints will be entertained.

19. Any owner or occupier of a house or property having a water connection who may suspect or dispute the accuracy of the measurements indicated by water meter, may apply to the President or Vice-President and have the meter tested on payment of a fee of rupee one per test. If on actual test the quantity registered by the meter exceeds ten per cent of the correct quantity, the fee will be refunded to the party concerned; otherwise it will be credited to the Municipal Funds.

20. The Municipal Council reserves to itself the right to test any meter for its own satisfaction at any time. Due notice shall, however, be given to the owner or occupier of the house or property concerned.

21. If on examination any meter is found to be out of order and consequently not registering correctly, the consumption during the period since the last reading, till the meter is repaired or a new meter is attached, shall be calculated at the average daily consumption of the last registered period, during which, in the opinion of the President or Vice-President, the meter was registering correctly and the consumption of water was not for any reason abnormal.

22. The President or Vice-President, or his authorised agent may, at all reasonable times and with the premission of the owner or occupier, if permission be refused after giving six hours' notice, enter any permises in which there is a water connection in order to inspect and examine or repair the same.

23. The President or Vice-President or his authorised agent shall have the power to cut off connection between the private pipes and the public-main in any of the following cases :—

(*a*) In default of payment of water-rate and other charges, cost of repairs or meters due under the rules, within five days after the same shall have been demanded in writing or bill presented.

(*b*) If any house owner or occupier who is supplied with water shall use or permit the use of water for purposes in violation of the conditions on which the connection is granted, provided that five days' previous notice is given in writing.

(*c*) In cases of leakage of pipes or other defects in the private service likely to cause loss to the Municipality, provided 24 hours' notice is previously given.

(*d*) If water is allowed to run to waste after the owner or occupier has been warned against allowing such waste by written notice of six hours or such shorter period as the President or Vice-President deems fit.

(*e*) In any case of broken pipes or fittings causing loss of water likely to cause damage to property when such written notice as may be possible shall be given.

(*f*) In any case of refusal to allow the President or Vice-President or his authorised agent to enter on any land or building for the purpose of inspecting service pipes, fittings, etc., after a day's notice.

24. The rules 2, 3, 4, 5, 6, 7 and 20 stated above shall apply to public street fountains which have been or may be allowed to be erected at the expense of the private individuals for dedication to public use, and such fountains shall be further subject to the following conditions :—

(*a*) That their number is strictly restricted by the *bona fide* public requirements of particular localities which shall be decided by the Municipal Council.

(*b*) That they are not installed closer to any other public fountain than the minimum prescribed distance of 200 feet.

(*c*) That their free and unobstructed use at all hours by the public for whose use they are intended is duly safeguarded.

25. The President or Vice-President or his authorised agent shall, for the purpose of these rules, be deemed to be public servants.

26. Any person whose house connection is stopped for non-payment of dues or leakage, etc., should pay a fee of Re. 1 for re-connecting the same.

27. The Municipal Council reserves to itself the power, whenever it deems fit, to alter or modify the foregoing rules or to abolish altogether the system of house connections established thereunder or to stop or to reduce the supply to any private attachment or any public fountain without assigning any reason whatsoever.

28. Any person infringing any of these rules shall be liable to be punished with a fine not exceeding Rs. 50 on conviction before a Magistrate.

EXEMPTION FROM WATER-TAX.

(1) Buildings belonging to this Municipality.

(2) Government buildings which are exempt from Mohatarfa and "Religious Institutions," such as temples, masjids, grave-yards, burial and cremation grounds, (mutts and chattrams where free lodging is allowed), provided the cost of the pipe line shall be borne by the respective institutions.

BANGALORE DISTRICT.

Official Memorandum No. C2. (a) L. 3925 —38-39, *dated 7th August* 1939.

Reference.—

In this Office Order No. C2 (a) R. 2118—35-36, dated 5th December 1935, it was ordered under Section 54 (i) of the Mysore Village Panchayet Act, that the Village Panchayet of Jodi Kempapur Agrahar, Bangalore Taluk, be superseded for a period of two years as the panchayet was not functioning owing to the apathy of the Jodidars and the members of the panchyet. The Amildar was entrusted with the management of the affairs of the panchayet during the period of supersession. The term of supersession having expired on 5th December 1937, the inhabitants of the village were consulted regarding their willingness or otherwise of the re-establishment of the panchayet. As they represented that the Amildar may continue to look after the management of the village panchayet for some time more, the term of supersession of the panchayet was extended for a period of one year.

2. Government, in their Notification No. L. 9499—Ml. 81-38-13, dated 27th May 1939, have taken away a portion of the village for inclusion in the Bangalore City Municipal limits.

3. As the extended term of supersession expired on 5th December 1938, the Amildar, Bangalore Taluk, was asked to consult the villagers again about the re-establishment of the village panchayet for the remaining portion of the village or the further continuance of the

period of supersession. The Amildar reports that some of the villagers have come forward with a request for the re-establishment of the panchayet and have executed a mahazar to that effect and he therefore recommends that they may be given a chance to look after the village panchayet affairs, and their working tried for some time.

Order.

Considering the previous gross mismanagement of the affairs of the Panchayet by the villagers and considering also the fact that the village is adjacent to the Bangalore City Municipal limits, the undersigned thinks that the village panchayet, if re-established, may not be able to maintain the sanitation of the village in a condition consistent with its location by the side of the City Municipal limits. The term of supersession of the village panchayet is therefore extended for a further period of one year from 5th December 1938, the Amildar, Bangalore North, taking up the administration of this area and improving its condition, so that the area may be handed over to the village panchayet for management by the time the above term expires.

Deputy Commissioner.
